Do You Need a Reliable Waste Removal Contractor With Impeccable Security Clearance?

Diamond Waste meets security clearances to access secure installations such as airports, military bases and government facilities.

Our staff is experienced with security procedures and will work with your operation to ensure safe, timely and compliant removal of waste materials.

We now have Transportation Worker Identification Clearance (TWIC) as required by the Transportation Security Administration and US Coast Guard to access the Port of Baltimore.

Whether you are looking for a piece of the military BRAC pie, or doing a project at a government facility or airport, please keep Diamond Waste in mind for your dumpster needs.

Diamond Waste is a certified Veteran Owned Small Business (VOSB) and Wallace Putkowski, our owner is a US Army veteran.

A few recent job sites we worked at that required security clearance include:

- CIA Building
- Federal Supreme Court Building
- US Capital Building
- White House
- US Naval Academy
- Bethesda Naval Medical Center
- National Security Administration

- National Institute of Standards
- Fort McNair
- Fort Meade
- BWI Airport

Please contact us today to find out more about how Diamond Waste can better serve your secure installation project.

Are You Missing Government Work Because of Bid Requirement Problems?

Putting together a bid proposal for government work can be challenging.

Diamond Waste Services can help you meet special bidding and procurement compliance requirements.
